<p><u>Camp Good Grief</u> Loma Linda University Children's Hospital Camp Good Grief, Room 1801 11234 Anderson Street Loma Linda, CA 92354 Phone: 1 (800) 825-KIDS</p>	<p>Camp Good Grief is a three-day camp experience for children and teens 10-16 years old that have had a sibling or parent die. It provides the place and space for children and teens to come together in an atmosphere of love and acceptance. The purpose of Camp Good Grief is: For children and teens to meet others their own ages who are also learning about and understanding their grief. The second is to run, play, laugh, and be themselves--to really have a great time! By meeting others like themselves, they discover that they can share the same feelings and that those feelings are normal and okay. When a child or teen grieves alone, he or she may not realize that the feelings they experience at different times during the grief process are common--they are natural and normal. It is very important to understand that what is happening to them happens to others also. Their pain is understood here and accepted.</p>

<p><u>Community Academic Partners in Service-CAPS</u> <u>CKC Tutoring</u> Benjamin Stripe CKC Tutoring, Student Coordinator bstripe@llu.edu or caps@llu.edu</p>	<p>CKC Tutoring is a one-on-one mentoring and tutoring program pairing local kids with LLU students. The purpose of CKC Mentoring is two-fold:</p> <p>To offer local elementary, middle school, and high school students a consistent and reliable homework assistance program. It is our hope through this weekly tutoring that a mentoring relationship will develop with the LLU student serving as a role-model and encourager for their mentee.</p> <p>CKC Mentoring facilitates the development of LLU students who are engaged in their community. These sessions allow students to truly connect first with their mentee, then with his/her family, and often, their community at large. Students meet once a week (Monday, Tuesday, Wednesday, or Thursday) from 5:00-6:30 p.m. Also, there are a few weeks a year when the mentors are not scheduled to come (the first 2 weeks in December) where schools, classes, or other organizations can organize a program, run games, or give presentations for the local students.</p>

This is primarily accomplished through partnerships with local service agencies to provide quality programs to young children and their families. Other tools or resources offered by First 5 in the endeavor to improve early childhood include the Kelly Torres Center, the Kit for New Parents, and our School Readiness Initiative. First 5 San Bernardino's commitment to serving our youngest children stems from the research in brain development showing that the experiences of children in their earliest years significantly affect the way they grow and develop. Positive results in the early years impact dramatically on their physical, mental, emotional and social development. This, in turn, reduces the social and financial costs of services the children might need in later years.</p>

Middle Buddies is centered on providing positive college role models for the children of the Redlands area. Every Monday night the program provides crafts, activities and homework help for the children. Each game and/or activity is intended to teach the children life skills such as teamwork, cultural awareness, respect for others and the importance of finishing your work and then having fun. The most beneficial aspect of the program is that the children are able to interact with college students who help reinforce the importance of education.</p>

Its goal is to offer disabled individuals who were born with or have suffered a permanent physical injury a sense of community and provide activities and practical help to integrate them back into life-once again becoming valuable members of our communities. LLUMCEC recognizes that this disenfranchised population is often left without resources or support to deal with the many adjustments they must make physically, mentally, and emotionally in order to have fulfilling lives. Our mission is to provide new direction and hope through physical, social, educational, and spiritual interaction with peers and their community. This free membership program is tailored to persons with physical disabilities such as limb amputation, stroke, spinal cord injury, traumatic brain injury, multiple sclerosis, muscular dystrophy, spina bifida, and others.</p>

It has been designated an exemplary model program by both the U.S. Department of Education and the U.S. Department of Health and Human Services. Proven results show the reduction in marijuana initiation, decreased current and heavy smoking, reduced pro-drug attitudes and beliefs, success in helping smokers quit; proven effectiveness for both high and low risk adolescents. The goal of Project ALERT is to reduce the use of those dangerous substances by keeping nonusers from trying them and by preventing nonusers and experimenters from becoming regular users through a variety of teaching techniques.</p> <p>Taught during the 7th grade, Project ALERT is a 10 week program which is a fully validated and scientific-based substance abuse prevention and awareness program based on the social influence model. Project ALERT targets those drugs first used most often by middle school youth: alcohol, tobacco, marijuana and inhalants. Students are taught through role-playing and other methods how to resist peer pressure, internal pressure and are given up-to-date information on these substances and why they are harmful. This program also includes 3 booster lessons for 8th graders. Reach Out currently provides this program to all 7th and 8th grade students at Pioneer and Upland Jr. High schools; servicing over 2,000 students annually.</p>

When adults smoke around children, it is the kids who suffer. Children exposed to smoke are more likely to experience breathing problems, ear infections, and behavioral problems such as hyperactivity that can cause them to fall behind in school. Tobacco Awareness The Reach Out to Parents program educates the community about the effects of tobacco and second-hand smoke on children. We offer both informational public presentations for adults and fun, age-appropriate educational programs for children as young as preschool age. Smoking Cessation Program To help parents and other adults through the difficult process of quitting, Reach Out offers a FREE 8-week smoking cessation program that provides the guidance and support they need to kick the habit — for the kids’ sake and their own. This program is generously funded by First 5 San Bernardino. Enroll in our FREE Smoking Cessation Program or schedule a date for a presentation on the effects of tobacco on children. The overwhelming majority of studies have shown that the single most powerful intervention that can be done in the life of an at-risk child is mentoring. However, most poor children are not connected with mentoring programs because their parents are struggling merely to survive and cannot arrange enrichment opportunities for their children. This program serves children in communities of La Verne, Claremont, Pomona, Montclair, Upland, Rancho Cucamonga, and Ontario.</p>
